RETRO RACCOONS ARCADE DATASHEET

GENERAL DESCRIPTION

Retro Raccoons is a retro styled, patented arcade that entertains 1-4 players with dozens of unique minigames. Each player has a joystick, button and cupholder. New content and minigames are added periodically to ensure gameplay stays fun and fresh either through WIFI or Ethernet.

Retro Raccoons features the patented “Cheers” Mode requiring players to place their drinks in the cup holders to participate, ensuring customers purchase a drink. Additionally, there is a traditional Cash Mode (bill acceptor) which makes it great for family friendly arcade locations. Last, there is a “Cash & Cup” mode that requires cash and drinks to be inserted. Retro Raccoons is manufactured in America featuring quality components. The product is ETL Certified for both Commercial & Home.
